

Do you know a couple struggling with infertility?

A teenage girl in need of a doctor who will speak to her of her dignity?

A young woman who has been told that the pill is the only treatment for her condition?

Hope is here.

Primary Care & Hormone Health for Women and Adolescents

Services provided by Dr. Susan Caldwell

For over 15 years, Woman's New Life Center has been a source of hope for women in unplanned pregnancies. Now we have expanded our services to be a source of hope for all women by providing authentic, nurturing solutions for women's health through Hope Woman's Clinic.

Experience *authentic women's healthcare that aligns with your Catholic values* while also supporting the prolife work of Woman's New Life Center.

Services Include:

- Primary Care
- Well Woman exams
- Adolescent wellness exams
- Instruction in Fertility Awareness-based Methods
- NaProTECHNOLOGY Evaluation & Treatment of:
 - PCOS (Polycystic Ovarian Syndrome)
 - Hormone Problems or Imbalances
 - Irregular Cycles
 - Recurrent Miscarriages
 - Ovarian Cysts
 - Painful Periods (Dysmenorrhea)
 - Infertility
 - Postpartum Depression
